Secret

**CONTRACT & OUTDOOR
COLLECTION**

Secret è il tessuto spalmato ignifugo di Flukso® dalla mano morbida simile a quella della vera pelle.

Al suo interno Secret cela nuovi polimeri ancora più resistenti all'esposizione solare, alle intemperie e all'acqua di mare. Secret è stato progettato per realizzare morbidi imbottiti da interno e prodotti tecnici da outdoor. La sua retro-struttura elastica in poliestere gli permette di adattarsi alle nuove geometrie del mobile imbottito con maggiori garanzie di resistenza e durata nel tempo.

Secret is a flame retardant coated fabric by Flukso®, it is soft to the touch and similar to real leather.

Secret contains new polymers that are even more resistant to sun exposure, weathering and sea water. Secret has been designed to realize soft interior upholstery and technical products for the outdoors. Its elastic backing, made of polyester, allows it to adapt to the new geometries of upholstery with greater assurance of strength and durability.
